OBJECTIVE

Passionate about frontend web development with a strong focus on building clean, responsive, and user-friendly interfaces. Proficient in HTML, CSS, and JavaScript, with hands-on experience creating interactive and visually appealing web pages. Currently learning ReactJS to strengthen component-based development and modern UI practices. Eager to apply my skills in a professional environment and actively seeking an internship opportunity to gain real-world experience and contribute to impactful frontend projects.

EDUCATION

2024 - 2028 Bachelor's Degree at **Siddhartha Academy Of Higher Education**
- Current CGPA: 8.54
2024 Class 12th Saradha Jnr College - 94%
2022 Class 10th Sri Chaitanya Techno School - 87%

TECHNICAL SKILLS

- **Languages:** C, Java, Python, JavaScript
- **Frontend:** HTML, CSS
- **Frameworks:** ReactJS
- **Database:** MySQL, SQL Lite
- **Tools:** Git, GitHub
- **DSA:** Solved Standard problems on LeetCode

PROJECTS

1. Personal Portfolio Website

Built my own personal portfolio website to present who I am, what I'm learning, and the projects I've worked on. I designed the layout using HTML and CSS and added interactivity with JavaScript to make the site engaging and easy to navigate. This project helped me improve my understanding of responsive design, UI structure, and writing clean frontend code.

2. AI-Driven Oceanographic Data Analysis App-SIH

Currently working on a AI-powered mobile application that enables users to visualize, analyze, and derive meaningful oceanographic insights from diverse marine datasets. The application acts as a centralized platform that integrates oceanographic sensor data, marine datasets, and research records, transforming raw data into actionable intelligence through AI-driven analytics and interactive visualizations.

Impact

- Reduced marine data analysis effort by up to **40%** using AI-powered insights.
- Delivered real-time ocean visualizations for research, policy, and conservation.
- Enabled offline-first data access for coastal and field operations.

CERTIFICATIONS

- **Cisco Networking Academy** – Python Essentials
- **Cisco Networking Academy** – C Essentials
- **Cisco Networking Academy** – Linux Essentials
- **Udemy** – Frontend Developer Certification
- **NPTEL** – Foundations of R Software

ACHIEVEMENTS

- Selected at the **Smart India Hackathon (SIH) – College Level**.
- Participated in **L4G Solutions – Introduction to Gemini 2.0 Flash** workshop.
- Competed in **IT Splash, Siddhartha Academy of Higher Education (SAHE)**:
 - **Code Rush** – DSA Coding Competition
 - **Innovix** – Technical Presentation
- Participated in the **SAHE AI National-Level Hackathon**.
